

Contents of *Resources, Conservation and Recycling*, Volume 7

VOL. 7 NOS. 1-3

OCTOBER 1992

CONTENTS

Editorial

D.L. Wise (Boston, MA, USA) 1

Remediating highway deicing salt contamination of public and private water supplies in Massachusetts

S.J. Pollock (Wellesley Hills, MA, USA) 7

Research approaches to reduce CMA cost

W.L. Bryan (Peoria, IL, USA) 25

Overview of National Research Council study on the comparative costs of using rock salt and CMA for highway deicing

T.R. Menzies (Washington DC, USA) 43

Seasonal influence of calcium magnesium acetate on microbial processes in 10 northern Californian lakes

C.R. Goldman and F.S. Lubnow (Davis, CA, USA) 51

In-bed sulfur removal during the fluidized bed combustion of coal impregnated with calcium magnesium acetate

Y. Ohtsuka and K. Asami (Katahira, Japan) 69

CMA as a byproduct of the manufacture of fuel ethanol

H. Bungay (Troy, NY, USA) and J. Peterson (Albany, NY, USA) 83

Volatile fatty acid fermentation of AFEX-treated bagasse and newspaper by rumen microorganisms

J.D. Blasig, M.T. Holtapple, B.E. Dale, C.R. Engler and F.M. Byers (College Station, TX, USA) 95

Carboxylates by alkaline fusion of biomass

B.F.M. Abo-Sharkh, E.S. Crosby and S.A. Dunn (Madison, WI, USA) 115

The effects of exposure to Chevron Ice-B-Gon® deicer in laboratory animals and human volunteers

G.H. Buteau, J.R. Cushman, L.C. Griffis, B.C. Rogers, J.T. Duke and P.N. Cooper (Richmond CA, USA) 133

Calcium acetate as a sorbent precursor for the removal of carbon dioxide from gas streams at high temperature

A. Silaban, M. Narcida and D.P. Harrison (Baton Rouge, LA, USA) 139

Biomass derived alkaline carboxylate road deicers

K.H. Oehr and G. Barrass (Vancouver, B.C., Canada) 155

Predictions of CMA Utilization for in-situ SO₂ removal in utility Boilers

G.A. Simons (Andover, MA USA)

Infrastructure costs of road salting	171
D.F. Vitaliano (Troy, NY, USA)	171
Calcium magnesium acetate (CMA) production from whey permeate: process and economic analysis	
S.-T. Yang, H. Zhu, V.P. Lewis and I-C. Tang (Columbus, OH, USA)	181
Production of acetic acid from thermally treated sewage sludge in an upflow anaerobic reactor	
M.A. Badawi (Boston, MA, USA), M.M. El-Shinnawi (Menofya, Egypt), F.C. Blanc, D.L. Wise (Boston, MA, USA) and S.A. El-Shimi (Giza, Egypt)	201
Environmental evaluation of calcium magnesium acetate for highway deicing applications	
R.R. Horner (Seattle, WA, USA) and M.V. Brenner (Swannanoa, NC, USA)	213
Effects of calcium magnesium acetate (CMA) on dissolved oxygen in natural waters	
M.V. Brenner and R.R. Horner (Seattle, WA, USA)	239
Book Review	267
Announcements	269

VOL. 7 NO. 4

DECEMBER 1992

High added value products from difficult wastes	
M. Rovatti, M. Bisi and G. Ferraiolo (Genoa, Italy)	271
Resource conservation in the pulp and paper industries-rational-use-of-energy approach	
D.K. Jain (Jaipur, India) and J.C. Mora (Bangkok, Thailand)	285
Optimal utilization of ericulture waste	
S. Sharma and M. Madan (New Delhi, India)	295
Anaerobic treatment with methane recovery of agricultural and village wastes	
M.A. Badawi, F.C. Blanc, D.L. Wise (Boston, MA, USA), M.M. El-Shinnawi, S.A. Abo-Elnaga (Shibin El-Kom, Egypt) and S.A. El-Shimi (Giza, Egypt)	305
Obituary	325
Author Index	327
Contents of <i>Resources, Conservation and Recycling</i> , Volume 7	329
